

Handout 12e: Labour, Solidarity, and Social Justice Solidarity Research

Choose a group or topic from the list provided (or another topic you clear with your teacher) and research their connection to workers, solidarity, and social justice.

Group/website: _____

Sources contacted: _____

Research Findings:

- 1.) Summarize the goals and vision of this group.

- 2.) What is the group's philosophy or perspective on their issue?

- 3.) What are the problems regarding this issue according to this group.

- 4.) What does the group do to address those problems? What do they see as solutions?

- 5.) What methods does the group employ? What is their strategy for change?

6.) In what ways does the group work towards solidarity between working people and the rest of civil society?

7.) Assess the achievements of this group.

8.) Evaluate the group's methods.

9.) What do you like/not like about this group?

10.) Explain why you would/would not join this group.

11.) Based on their work, assess the likelihood of future success for this organization in achieving its goals.

12.) What new information did you learn from this research?

13.) How does this connect with what you've studied so far? Apply social justice and labour terminology and refer to specific comparative case examples.
