

Web Coding Lab #1

The goal of this lab is to introduce you to Adobe Dreamweaver and more importantly the code of a basic HTML page. Once you have completed the lab please submit your HTML document to Edmodo.

Instructions:

1. Open Dreamweaver and import the HTML document template.
2. Save your HTML page in your documents.
3. Change your page title to My First Page
4. Create a paragraph in the body and answer this question: What type of HTML document are you working with?
5. Check your page for errors with W3C HTML validator: Google W3C HTML validator and upload your saved HTML page to it.
6. Submit your page for marks.

Bonus:

Make a new `<p></p>` and fill it with some content and then change some words by making them either:

Bold `Bold`

Italic `<i>Italic</i>`

Underlined `<u>Underlined</u>`
